

NUMBSKULL

NUMBSKULL GSM

Columbia Valley | 2021

RED WINE

TASTING NOTES

Opens with decadent aromas of ripe cherries and plums, with undertones of vanilla and black tea. On the palate, flavors of juicy strawberries, dark berries, and spiced vanilla with a full-bodied profile and refined structure. The 2021 NumbSkull GSM is beautifully rich yet balanced.

ABOUT THE LABEL

The NumbSkull lineup started with the 2014 vintage. Mark wanted to explore vineyards in Walla Walla and create wines representative of the valley. As the popularity expanded he continued to explore additional vineyards to create the full-bodied blends NumbSkull became known for. The label design comes from a collaboration with the talented Seattle artist Cheryl Andre, who utilized her 'flame painting' method to create the Skull using scorch marks and candle soot. It won 'Coolest Wine label' in 2016 from Seattle Magazine.
